Class Focus: 5/6

The start of the 2015 saw many new faces welcomed to Coonabarabran Public School and in particular 5/6S. We welcomed a new peer, Sophie Rowley who has made lots of new friends already whilst settling into her new school. Mrs Zell was also welcomed by all the students in 5/6S in a friendly manner particularly Jace as she will work closely with him. Finally our class welcomed our new teacher Miss Swaysland. Miss Swaysland as been welcomed into 5/6S with open arms and has had a very enjoyable start to the 2015 school year.

Everyone in 5/6S has been working well and learning to take ownership of the goals they set at the start of the week, which are school related. The students have been working well to achieve their goals by learning to take ownership of their actions.

The aim of our class is to treat everyone with respect and come into class ready to learn. By doing this we are making sure we have everything out of our bags and quietly lining up outside to walk into class eagerly awaiting the learning ahead of us. By doing this 5/6S is showing they are respecting their peers learning by coming into class settled and ready to learn.

5/6S looks forward to an exciting year of learning and achieving our goals we set out to achieve. As a class we will treat one another with respect to allow us to provide a positive learning experience for everyone who walks through our classroom door.

Miss S Swaysland
